Re: Violation of Contract and Illegal issuance of Licenses to unknown, foreign Qatar Company

Dear Abdirizack,

Pursuant to the letter with our reference: L/0055/26082013 in regards to the 'Force-Majeure' we declared on the Amsas-Corirole-Afgoye(ACA) Block in 2013 it has come to our notice that an unknown company by the name of Gulfsom with no track record in oil and gas has encroached on and was given part of our concession and that of other previous concession holders like Connoco, Exxon-Mobil, Shell, BP, etc in Somalia. We believe that violates not only the agreement we had with the Somali Government but also violates and contravenes the Constitution of Somalia that gives an asset owned by a Somali National to a foreign company.

We hope that the Somali Parliament can look into this illegal issue of giving Somalia resources to an illegal company with no track record in oil and gas. We also believe that this illegal Qatari company has the potential of damaging the credibility and integrity of the potential of oil and gas of Somalia that we have been building on for the last thirty years during and after Somalia's civil war.

We fully condemn to the highest objection the above encroachments and request from the Office of the President, office of the Prime Minister and that of both speakers of Parliament and Senate to intervene and take immediate actions before we take legal action. Thank you.

Yours Sincerely,

Dr. Ali Adawe Abdullahi,
Chief Executive
